Date of entry 12/01/2022

On 10/18/2022, writer called Taos County Sheriff, Jerry Hogrefe. The purpose of the call was to schedule a time for an interview of the Sheriff. Sheriff Hogrefe stated he would be busy helping his son the rest of the week and an interview would have to wait until the next week. Hogrefe said he remembered former FBI Santa Fe Supervisor, Mark Buie, telling him not to speak to anyone about the above captioned case. Someone from the AUSA's office also told Sheriff Hogrefe not to speak to anyone but he could not remember who.

Sheriff Hogrefe expressed displeasure that the FBI had served him with a search warrant for the evidence his office had collected from the compound. Writer and Sheriff Hogrefe agreed to touch base at a later time to set up an interview.
